American Mother of '50 Receives Award

Mrs. Henry Roe Cloud (left), of West Linn, Ore., chosen as the American Mother of 1950 by the American Mothers Committee, receives her award from Mrs. Harold Milligan, chairman, at the committee's awards breakfast, May 12, at the Waldorf-Astoria Hotel, New York.

Bracken Feels Third War Is Peril for United States

Authorities Probe Death of Woman

Mary Campbell, New Paltz, Found by Mate With Gun Shot Wound

The body of Mary Campbell, 58, of Ford Road, New Paltz, was discovered at 4:35 p. m. Friday in the dining room of her home with a gunshot wound through the left side under the heart.

Discovery of the body was made by her husband, Lyle Campbell, 59, who had been working about the yard. She was dead when found. Some distance from the body was a 12-gauge double barreled shotgun. Dr. Virgil DeWitt was summoned by the husband and on arrival Dr. DeWitt pronounced Mrs. Campbell dead.

The change of shot had entered under the heart and came out through the back.

District Attorney Louis G. Bruhn was notified and state police at Highland summoned. Corner Ernest A. Kelly was also notified.

Because of circumstances surrounding the shooting the investigation was continued through the night and today a verdict was being withheld until certain laboratory reports were received. It was stated that the shooting appeared to be suicide but no decision was arrived at, state police said. One of the circumstances surrounding the shooting was another charge of shot found to have struck a bookcase in the house.

Inspector Lawson and Sergeant Bitoff of Westchester with Sergeant Keating of Highland and Sergeant Arthur Kelly of Lake Katine and Sergeant John Motzer of the Highland B.C.U. unit continued.

Hopes Are Dimmer For Strike's End

No Improvement Is Made in Rail Walkout; 200,000 Jobless

Chicago, May 13 (AP)—Hopes of an early settlement of the crippling railroad strike appeared dimmer today as the four-day walkout by locomotive firemen cut deeper into the nation's economy.

There had been earlier reports that the rail union had offered new proposals designed to bring peace with the four struck carriers.

But Chairman Francis O'Neill, Jr. of the National Railway Mediation Board apparently squelched the report. After a meeting last night with representatives of the four big railroads involved in the strike, he said:

"They're just at the start of the strike Wednesday morning."

O'Neill said there had been no new offer by David B. Robertson, president of the striking Brotherhood of Locomotive Firemen and Enginemen.

"I just hope the strike doesn't get to be a slug-fest match," O'Neill added.

As near as he apparently hit a snag, the number of jobless mounted to nearly 200,000. At the same time, a railroad spokesman in Los Angeles said the firemen are to strike against a fifth railroad—the Union Pacific's Los Angeles to Salt Lake City run.

There was no immediate confirmation of the report by brotherhood officials in Chicago. A union official in Cleveland said he had

Chavez Rips McCarthy in Budenz Rap

Western Senator Also Points With Pride to Spanish Ancestors for Early Acts

Cross Used as Club That Is What He Says Budenz Is Attempting to Carry Out

Washington, May 13 (AP)—Senator Chavez (D-N.M.) declared today that his bitter attack on ex-Communist Louis Budenz was strictly his own idea, with no prompting from the Truman administration.

Replying to a contention by Senator McCarthy (R-Wis.) that the New Mexico Democrat was duped by administration spokesmen into "this outrageous attempt to smear Budenz," Chavez told reporters: "Joe McCarthy need not feel sorry for me. I'll be here in the Senate a lot longer than he will be. Nobody dupes me. I do things on my own volition and I take the responsibility."

Chavez hit into Budenz in a Senate speech yesterday. He said Budenz, one time managing editor of the Communist Daily Worker, has been using the cross of the Roman Catholic Church "as a club" in the Senate inquiry into McCarthy's charges of communism in the government.

Chavez, a Catholic himself, also discussed in detail what he called Budenz' "sorry past."

Budenz, who renounced Communism in 1945 and rejoined the Catholic Church, made no immediate reply to Chavez.

At McCarthy's request, Budenz testified under subpoena last month before the Senate Foreign Relations Subcommittee investigating McCarthy's charges that the State Department employs a lot of Communists and Red sympathizers.

Budenz swore then that high Communist officials told him when he still belonged to the party that Owen Lattimore, Far Eastern affairs expert and Johns Hopkins University professor, was a member of a Communist cell.

Lattimore, sometimes a consultant to the State Department, denied the charge under oath. He also denied McCarthy's contention that he is Russia's No. 1 spy in this country.

Speaks as Catholic Chavez told the Senate that Budenz, now on the faculty at Catholic Fordham University in New York, still is a Communist so far as he is concerned. He added:

"For the first time in my 19 years in Congress, I make a deliberate point of referring to my religion. I speak as a Roman Catholic."

Then Chavez said of Budenz: "He has been speaking not just as a private citizen, Budenz has been speaking with special emphasis as a Catholic, investing his appearances and utterances with an added sanctity by virtue of the fact that he recently went through the forms of conversion to Catholicism."

"Ancestors Brought Cross" "My ancestors brought the cross to this hemisphere," Louis Budenz has been using this cross as a club."

McCarthy was not in the Senate when Chavez spoke, but he got out a statement later indicating belief that Chavez was put up to this attack on Budenz by Senator Byrd (D-La.), chairman of the inquiry committee, and Senator Lucas (D-Ill.), the majority leader.

McCarthy said the "exhibition on the Senate floor was, so far as

Big 3 Study Ways to Build East Against Soviet Growth

U.S. Has Small A-Bombs for Jet Fighter-Bomber Use; Are Powerful

Dennis Goes to Jail

Eugene Dennis (right), secretary-general of the American Communist Party, walks handcuffed to an unidentified fellow prisoner as he leaves the Federal District Court building in Washington, May 12, to be taken to jail to begin serving a one-year sentence for contempt of Congress in 1947. Federal Judge David A. Pine refused to grant Dennis' request that his confinement be delayed until June 24 to appeal a conspiracy conviction in New York. (AP Wirephoto)

Grand Jury to Decide Cause Of Port Jervis Hospital Death

Veterans to Meet On Parade Plans

Reports Will Be Given Monday Night at Legion Building

Roswell Coles, chairman of the Kingston Veterans Association, has called a meeting of all delegates to that association from the different veteran organizations for Monday, May 15, at 8 p. m., in the American Legion building.

This meeting is to hear the reports of the committee for the observance of Memorial Day in this city. Bernhardt Kramer, parade chairman of the American Legion, whose turn it is this year to have supervision of the parade, stated all musical units have been contacted and all have shown a willingness to participate. He is now engaged in lining up all veteran and civic organizations and is anxious to hear from any unit willing to parade and which has not been notified or asked to take part in this observance.

The parade will be held at 2 p. m. Exercises will be held immediately following the parade in the reviewing stand in front of the city hall. Chairman for these exercises is James M. Krom of Tappan Camp, No. 1, Sons of Union Veterans.

At this meeting Monday evening, Roy Jacobs, chairman of the cemetery committee, will outline the work and appoint his sub-committees to decorate the 1,500 graves of veterans in the cemeteries of the city. All graves have been closely tabulated by the association for as each veteran is laid to rest a marker and flag is placed

Home for Aged Sale To Be Held Next Week

A wide variety of articles will be offered at the Home for the Aged rummage sale to be held Tuesday, Wednesday and Thursday of next week at 106 Broadway.

Articles to be donated to this sale will be called for by contributors call any of the following telephone numbers: 3912, 451, 1555, 715.

The entire proceeds of the sale will go toward the Home for the Aged. A record amount of sales is anticipated by the committee in charge.

Orange D.A. Reports Label on Tank Said Oxygen Only Was Contained

Port Jervis, N. Y., May 13 (AP)—A grand jury will decide whether negligence caused the death of a St. Francis Hospital patient who was given carbon dioxide administered from a cylinder labeled oxygen.

John H. McCooey, 53, an Erie Railroad conductor of Port Jervis, died Wednesday on the operating table. Authorities released the cause of McCooey's death yesterday. They said the hospital did not appear to be at fault. McCooey died while being prepared for stomach ulcer surgery.

Clare J. Hoyt, Orange county district attorney, and John J. Powrie, acting police chief of Port Jervis, said "the label on the cylinder indicated that it contained oxygen only; whereas in fact it contained carbon dioxide."

Odor No Help Hospital authorities said it would be impossible to detect by odor which gas was being used in the operation. Oxygen often is used while anesthetics are being administered for operations.

The cylinder was obtained, Hoyt said, from the Newburgh Oxygen Co., Newburgh, N. Y., a re-packer of the gas. Hoyt said he did not know where the firm obtained its supply.

Later, he announced an investigation would be held "to determine if there was any culpable negligence on the part of any individual," and added:

"It is expected that the grand jury probably will make a recommendation to the state authorities for better control of distribution of such anesthetic supplies."

McCooey, employed by the Erie line for 35 years, is survived by his widow, two brothers and a sister.

River Resumes Rise

Winnipeg, Man., May 13 (AP)—The still-flooding Red river resumed its slow rise here early today after a six-hour leveling off.

A. U. S. expert said the river's highest water was at least 65 p. m. to 2:30 a. m. (C.D.T.) the level of the Red and its two tributaries held at 30 feet, 12 feet above flood stage. Then, toward dawn, a half-inch rise was recorded.

Reporter Learns Secret While Trying to Get News of Military Thinking

Washington, May 13 (AP)—The United States has baby A-bombs small enough to be carried by jet fighter-bombers yet possibly as powerful as their king-sized brothers.

Detailed information on the bombs is a carefully guarded secret. In fact, there has been no official announcement as yet that they exist.

The first definite indication that such weapons are in production was gleaned by a reporter seeking information on discussions among military leaders over the possibility of arming this country's north Atlantic allies with atomic weapons.

The discussions were said to be based on the possibility of using "lightweight" bombs—tactical weapons to replace expensive ground forces in Europe.

While the size of the "baby" A-bombs is secret, the fact that they can be carried by jet fighter-bombers gives some hint of their weight. The Republic F-84 Thunderbolt, a typical jet fighter-bomber now in use by the air force, can carry two 1,000-pound bombs, one under each wing.

Report to Congress

In what may have been the first veiled reference to the new bombs, Secretary of Defense Johnson said in a report to Congress a few weeks ago:

"Atomic weapons are no longer a small number of bombs of a single size and type to be used strategically on a carefully selected target. A variety of weapons is under development which may in the near future have military significance both tactically and strategically."

Tactical use of the A-bomb to support ground and sea surface

Air Force Officer Blown From Plane

Pressure System Failure on B36 Is Blamed for Tragedy

Fort Worth, Tex., May 13 (AP)—An Air Force lieutenant was sucked from a B36 bomber—28,000 feet in the air—late yesterday.

Maj. Edwin B. Essley, plane commander, reported that no crew member saw a parachute open after the explosion.

The accident apparently was caused by failure of the pressure system on the giant bomber.

The bombardier's window was ripped open by the blast which happened over Salome, Ariz. The plane, on a training mission to Fairchild-Guiana Air Base, Calif., returned here late last night after circling the area of

(Continued on Page 9, Col. 5)

Transport Union Strikes Against Pan American Lines

New York, May 13 (AP)—The C.I.O. Transport Workers Union struck today against Pan American World Airways, threatening a sharp cut in the huge airline's flights from the United States.

There was no immediate curtailment of service, however. Last minute mediation efforts continued an hour and 45 minutes past the strike deadline, but collapsed. No new meetings were scheduled.

The strikers walked off their jobs at the airline's far-flung American bases as it turned midnight (local time). The principal issue was wages.

Although only 800 stewards, stewardesses and pursers actually struck, the same union's other 4,600 maintenance men in the Pan American system were pledged to honor their picket lines in a move to give the strikers a stranglehold.

First reports from both union and company showed "100 per cent" compliance by the union membership.

In a statement issued a few minutes after the walkout, the company said it would continue its flights originating in the United States "as fully as we can."

Prices Hit High Peak for Year

Washington, May 13 (AP)—The government's daily index of prices hit a high for the year in the week ending May 9.

The Bureau of Labor Statistics said the index of 28 commodities climbed two per cent during the week, to 259 per cent of the August 1939 level.

The agency said there has been a steady rise in prices over a fairly long period, adding that it is studying the picture to determine what significance the trend may have.

Donaldson Is Firm on Cuts in Daily Mail

Washington, May 13 (AP)—Postmaster General Donaldson stood firm today on the cuts he has ordered in postal service, saying complaints against the action were inspired by the Letter Carriers' Union.

The union promptly fired back with a statement accusing the cabinet officer of trying to shift the blame for his own "hasty ill-considered action" to congress.

In a 3,500-word statement yesterday, Donaldson said the department has received many complaints about the service cutbacks he ordered last month.

"A large percentage of these appear to have been inspired by the officers of the National Association of Letter Carriers," he added.

Donaldson said the A.F.L. Carriers' Association and "others" have made "erroneous statements and specious arguments" about the service cuts. These, he said, "have caused considerable confusion."

"I do not feel that the curtailments in service will greatly inconvenience any considerable number of our citizens," his statement declared.

Cut in Deliveries

The service cuts include reduction of mail deliveries in residential areas to one a day, shorter window hours in post offices, fewer pickups from street corner boxes, and a switch to a one-on-a-day basis, and an end to night handling of mail other than first class, parcel post and newspapers.

Donaldson repeated previous statements that operations had to be trimmed to fit the funds appropriated by congress.

The only way to do this, he said, was to reduce service and scale down the payroll.

Denies Hardships

The employee cutback, he said, will be largely among the general thousands of temporary and part-time employees in the service. He denied that hardships will be imposed upon regular employees as a result of concentrating the work among fewer people.

The carriers' union described Donaldson's statement as a "deliberate attempt to minimize the mail crisis confronting the country."

The April 18 order directed postmasters to start their retrenchment moves at once and complete the readjustments by June 30. The letter carriers said that members of their union will meet here next Monday to discuss the situation.

Using volunteer and supervisory help.

In New York, where Pan American operates from both La Guardia and Idlewild Airports, 180 stewards and 300 maintenance men were affected, according to union figures. The company's totals for the New York area were 75 of the flight service personnel and about 700 other workers.

At Miami, the company's main base for its big Latin American routes, the union claimed 280 strikers and 1,700 sympathetic maintenance men.

At New York, the strike delayed two Latin American flights by about two hours, but both cleared by 2:15 a. m. (E.S.T.). One was to Puerto Rico and the other to Buenos Aires.

The union asked a \$12 a month wage increase, a system-wide seniority program, and improved severance pay.

To this, the union said, the company offered only \$8 a month.

William Grogan, a T.W.U. international vice president, said present wages are from \$187 to \$282 for stewards and stewardesses and \$292 to \$352 for pursers. This requires 85 hours a month of air time, with ground duties in addition, he added.

Decisions Are Needed For Regions

Indochina Is One Area Where Great Stress Might Be Placed in Statement

Experts Convene

Will Try to Implement Policies Laid Down for Germany

London, May 13 (AP)—The West's Big Three foreign ministers gave urgent consideration today to strengthening the Middle and Far East economically and militarily against Soviet aggression.

In their final day of conference before the meeting of Atlantic Pact Foreign Ministers, the diplomats—Dean Acheson of the United States, Ernest Bevin of Great Britain and Robert Schuman of France—draped the problems of the Germans and Europe temporarily to take up eastern affairs.

Officials of the conference said the ministers felt "Far East problems are urgent and definite decisions are needed and must be taken quickly."

It was expected that communists would be issued later today would lay down general policies for future Big Three moves in Europe, but might be more precise and decisive on Far Eastern problems, particularly Indochina.

U. S. Might Give Aid

It was considered possible that the United States might aid anti-communist forces in Burma as well as Indochina.

It was unlikely anything would be done on the China question since Great Britain has recognized the Communist regime and France and the United States have not.

Another question expected to come up was the Japanese Peace Treaty.

Middle East problems to be considered today, however, rather than military, the Communist States reportedly took considerable concern, for example, about strengthening the economic position of Iran's government.

While the ministers considered eastern subjects, German experts at the three delegations conferred on efforts to bring about peace yesterday by the foreign ministers.

Agreement Is Formalized

The ministers formalized any agreement on full incorporation of west Germany into the western European family. This left the problems exactly of how to do it and how fast.

It was left up to the occupation powers' high commissions and their aide to work out the details on methods. The commissions will report to the ministers again later today.

It was likely that most decisions on Germany would not be made public, but would be left to the high commissions to communicate to Chancellor Konrad Adenauer's government in Bonn.

Before the conference opened this morning, Italian Foreign Minister Count Carlo Scialoja conferred with Bevin for a half hour. It was believed he brought up the problem of Trieste and Italian-Yugoslav relations.

Three Issue Denials On Robeson's Charges

White Plains, N. Y., May 13 (AP)—Three Westchester county officials issued blanket denials today of charges made against them in a \$2,150,000 damage suit brought by Negro singer Paul Robeson and 27 other persons.

The denials were contained in answers to the suit. County Attorney Harry G. Herman said they would be filed today in the U. S. District Court in Manhattan.

The suit stemmed from disorders near Peekskill, N. Y., last August and September when white organizations clashed with Robeson supporters during concerts scheduled by the singer. Among the defendants in the suit are county executive Herbert C. Goheen, District Attorney George M. Fennell and Sheriff Fred W. Ruseco.

Storm Warnings Issued

Tokyo, May 13 (AP)—Tide and storm warnings were issued today for the Izu Islands off Sagami Bay, 30 miles southwest of Tokyo. The central meteorological observatory said a typhoon likely would sweep the islands tomorrow.

Special Paint Will Keep
Dark-Color Roof Cooler

Dark roofs will absorb heat, while light-colored ones will reflect it. Dark-colored shingles can be kept cooler by painting them with a special paint made for that purpose. If the paint is unabsorbed, it's surprising how much difference this paint treatment will make in keeping the house cooler in hot weather.

Cabinets From
Waste Space

The architectural eyesore, such as that jog in an upstairs bedroom wall made by the chimney, or an unused door, or the unwanted double doorway between dining and living room, can be remodelled into useful as well as attractive cabinets.

Fill in the jog in the wall with shelves so that they smooth out the long sweep of the wall. Enclose the lower shelves with doors to form a storage cabinet.

The double opening between dining and living room can be closed up with shelves of wall-hung, and shelves installed on the dining room side. Or, if you only want to partially close this opening, install shelves without closing the upper space with wall-board. Doors for the lower shelves will give storage cabinets on both the dining and the living room sides.

The unused door is given a slightly different treatment. Fill the frame entirely with shelves. Remove the upper panel of the door, but not the lower. Back the shelves with a board. This makes a shadow box effect of the upper shelves, framed by the door. The bottom panel of the door conceals the lower shelves. To get at the lower shelves, simply open the door.

Decorating the shelves is a challenge to the imagination. In a room with walls striped in dusty rose and white, an attractive plan for the shelves is to paint them white, edged in powder blue. Beige shelves will be handsome with shelves of terra cotta or tile red.

These shelves are effective background for the display of collections of old Sandwich, Steigal and Wheeling pressed glassware. In the closed cabinets can be stored glassware less frequently used.

Hall Light
Is Requisite

Too infrequently the home owner asks himself what sort of impression the hallway makes. Important because it is the first part of the interior of the house which meets the eye of the visitor, the hallway all too often is cold, reserved and somewhat gloomy.

Most decorators and builders agree that regardless of whether the hall is large or small it should be arranged to introduce the home to its best advantage.

There are a large number of wall treatments available to the home owner for use in hallways. Pleasant, colorful designs and patterns are produced on wall coverings that are waterproof and washable. Paneled and wainscoted walls are sometimes practical.

Floors which have been resurfaced and waxed can add immeasurably to the appeal of a room, while rubber or tile floors are often adaptable to the hallway.

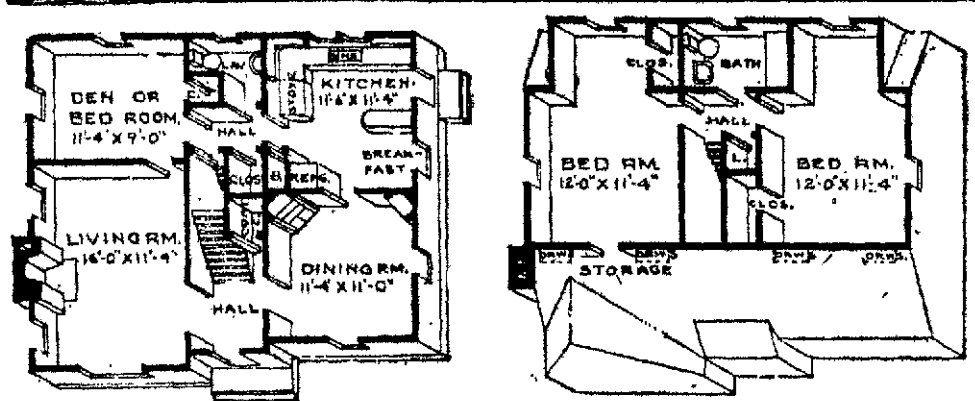

There should also be plenty of light in the hallway; as in the case of other rooms.

Urge Check on
Home Repairs

In taking an inventory of repairs which are necessary to prevent general deterioration of property, the home owner should give attention to the porches and steps of the house. A check list for possible repairs and improvements should include:

- Decayed column bases.
- Broken, loose or missing balusters.
- Broken or loose railings.
- Decayed, broken or loose floorboards.
- Decayed or inefficient floor supports.
- Broken, loose or worn steps.
- Advisability of installing lattice work to hide open spaces under porch.
- Advisability of enclosing porches with glass or screening.
- Need for floor paint or general repainting.
- Open joints or cracks in masonry requiring painting.
- Broken or loose floor tile or other masonry requiring repairs.

THE BELFAST

A Small House With
A Surprising Amount
Of Room Space

Rooms	Six
Bedrooms	Three
Closets	Seven
Cubage	18,200
Dimensions	30'x24'

Three bedrooms, a large living room with a fireplace, a dining room and a combination kitchen-breakfast nook make up the rooms in this house. A bath, stairs, a lavatory downstairs, seven closets, built-in drawers in the upstairs bedrooms, built-in china cabinets and good storage space are other features that are certain to win the approval of many housewives.

The gable with the picture window which stands out at the left, is the main point of interest on the exterior of the house. Set back from the gable, but protruding beyond the rest of the house, the front door further increases the exterior charms of this house. The slightly raised shed roof over the door is another attractive feature, while shutters on the front door and windows give the house a "settled" look.

Vertical lines of the gables effectively contrast with the horizontal lines of the clapboards, and the fireplace, on the outside, adds a distinctive touch to the exterior.

Good Sized Hall

The front door opens into a good-sized hall. Light is provided through the panes in the upper door panel. An archway at the left leads into the living room while the archway to the right opens on the dining room. A handy coat closet and stairs to the second floor are located straight ahead.

Measuring 16' x 11'4", the living room has a large fireplace on the outside wall. Flanked by windows, this fireplace is the center of attraction in the living room. Window seats with bookshelves underneath could easily be built under these windows and would further increase the charm of this section of the room.

On the back inside wall of the living room is a door leading to the den or bedroom. Measuring 11'4" x 9', this room would make an ideal downstairs bedroom, for it is located conveniently near the lavatory and away from street noises.

Two windows provide plenty of light and good cross ventilation. There is a large closet on the inside wall next to the door

that opens into the straight hall leading into the kitchen. If the builder prefers, the partition between this bedroom and the living room could easily be omitted to make a very spacious living room.

The cellar stairs, a large coat closet and the lavatory also open off the central hallway. At the very end of the hall is the kitchen breakfast nook which measures 11'6" x 11'4". Adjacent to the hall door on the left is the stove and the L-shaped working counter which extends along the back wall to a glazed side door. The sink is placed in the center of the counter, beneath double windows. Overhead cupboards are arranged in an L pattern while there also is plenty of good storage space below the work counter.

Between the broom closet and a swinging door to the dining room makes an ideal location for the refrigerator. The breakfast nook, on the other side of this door, is well lighted by a window, and the handy counter with a rounded edge, located between the window and door, could easily be used as a breakfast bar or serving table.

Side Door Although a side door is included in the floor plan of the house, the home used as an illustration has a window instead. Actually the choice is up to the builder — with conversion to a door easily accomplished just by extending the window so that it becomes a door.

In the dining room the swinging door is flanked by built-in china closets in each corner. This room is 11'4" x 11' and is well lighted by two windows.

Upstairs are two bedrooms, both measuring 12' x 11'4". A hall at the top of the stairs provides access to both rooms, a linen closet and the bath. A dormer across the back of the house makes it possible to install windows here and to provide full headroom. Light and cross ventilation are provided by windows in both of the bedrooms.

There are two sets of built-in drawers in the bedroom at the right with a large closet planned on the inside wall, back to the stairs.

Entrance to the storage space underneath the eaves is gained through the bedroom at the left. Two sets of built-in drawers also are provided in this room, either side of the door to the storage area.

The space beneath the back windows in both bedrooms makes an excellent location for a desk or it could be converted into a hobby corner or area in which the lady of the house could perform her sewing.

In the full cement cellar, the heating system should be installed underneath the living room. The house should be fully insulated.

Plans Available

Complete plans and specifications for "The Belfast" and other homes in this series are available at moderate cost. To ascertain the exact cost of these documents write to the Home Building Editor, Dept. 24, The Kingston Daily Freeman, and enclose a self-addressed envelope bearing a three-cent stamp. At least one week should be allowed for a reply.

Released by "Home of the Week" Plan Service, Providence 6, R. I.

Special Moulding Hides
Unightly Wall Cracks

Unightly wall cracks around bath tubs and showers, often caused by settlement or shrinkage, of wall finish, can be concealed by a moulding manufactured expressly for this purpose.

The moulding is obtainable in aluminum alloy which has tarnish-proof qualities. All necessary angles are provided. A bonding compound to hold the moulding in place is supplied.

Cleaning Nickel Faucets A cloth wrung out of water to which a little ammonia has been added will clean nickel faucets very nicely.

Square House Costs Less A square house costs less to build than a rectangular house of the same cubic content.

MODENA

Modena, May 13—The regular meeting of the Modena Home Bureau unit was held Wednesday at the home of Mrs. Lester Arnold, instead of at the Hasbrouck Memorial Hall as planned due to unfavorable weather conditions.

A business meeting was held and program planning for the coming year, which commences in September for Home Bureau units. The date of the annual picnic was set as Wednesday, June 14, at the home of Mrs. Joseph E. Hasbrouck.

Plans have been completed for the community-wide Cancer Fund dance, sponsored by the Rosendale Grange, which will be held at the Grange Hall on Friday evening, May 12, from 9 to 11. Music for dancing will be furnished by John Marschall, Rhythm Kings from the Alpine, whose services are being donated for the occasion, and who were obtained by John Berlanga, president of the Rosendale Boys' Club. Approximately 14 individuals from the community have offered their talents to provide entertainment at the affair. Ticket sales, through the cooperation of the various organizations of the community, have been exceptionally good and a record attendance is anticipated. The Rosendale Boys' Club will have charge of refreshments, assisted by members of the Women's Club, the Grange and others. Frank Simpson is chairman of arrangements, assisted by Mrs. Russell Tenure, Mrs. Peter Lobello, Jr., and John Berlanga. Canvassers and other volunteer workers receive instructions at the meeting of the chest X-ray survey committee which was held at the Rosendale Theatre on Tuesday evening, Edward P. Demarest presided in the absence of Dr. Eugene Galvin, general chairman.

52 Volunteers The every-family canvass will begin Wednesday, May 10. All reports are to be returned to Mrs. Stephen Huben, chairman of canvassers, no later than Saturday, May 13. There are a total of 52 volunteer canvassers covering the Rosendale area.

Dr. Robert Broad, health commissioner of Ulster county, spoke on the medical and other health aspects of the survey and stated that the purpose of the free chest X-ray survey is "to locate cases of tuberculosis that are unknown, thereby preventing the spread of the disease." He anticipates that at least 1,800 people will be X-rayed during the three-day period, May 16, 17 and 18, that the survey will be conducted in Rosendale.

Chairman Demarest reported that announcements of the survey have been distributed pretty thoroughly throughout the town through the efforts of school children, the teen-age clubs and the 4-H Club.

Mrs. Elizabeth Schoonmaker, public health nurse, explained that temporary chest clinics will be arranged for taking large X-ray pictures where it is necessary, owing to the fact that the survey X-ray is a small picture and where anything doubtful appears a larger picture is recommended and arranged for.

Mrs. Margaret Murphy, R.N., executive secretary of the Ulster County TB Association, explained detailed requirements to the survey workers.

Reports of the results of the X-ray will be made direct to the individual or his family physician. Transportation will be provided where needed. The hours will be from 2:30 to 5 p. m. in the afternoon and 6:30 to 8 p. m. in the evening on May 16, 17 and 18 at the Rosendale Grange Hall. The goal is 100 per cent.

Grange news from Washington, D. C., this week includes a statement to the effect that the National Grange favors statehood for Hawaii. In his testimony before the Senate Committee on Interior and Insular Affairs, Legislative Counsel J. F. Sanders commented on Hawaii's outstanding contribution to agriculture.

The proposed St. Lawrence Seaway and Power Project also received National Grange backing. Sanders, in pointing out that the Grange has long favored such a project, said, "Estimated tolls would amount to over \$2 million, and yield an equal savings to consumers and farmers alike." He stated that, in the long run, our whole economy would benefit from the expanded development of industry and agriculture.

New York State Fair is losing the services of Bligh Dodds as director. Mr. Dodds has been named executive secretary of the National Capital Sesqui-centennial Commission. In commenting on Mr. Dodds' resignation and new appointment, State Agriculture Commissioner C. Chester DuMont said "... State Fair is losing the services of one of New York's most outstanding showmen," but he pointed out that Mr. Dodds would continue to serve the state well in the nationwide celebration. Mr. DuMont named Earl C. Foster as acting director of the New York State Fair.

Lecturers' schools continue this month with two being held at Governor's Grange, Gouverneur, May 9-10; and at Westville Methodist Church, Albany on May 12-13.

Rural Life Sunday falls on Mother's Day, May 14 this year. Some churches may observe the day on that date; others will postpone the observance until the following Sunday, May 21. Whichever the date, let's make the day a meaningful one. Speakers and materials will be furnished on request. Inquiries to be directed to the Rev. Stanley E. Skinner, associate director of the Rural Church Institute, Barnes Hall, Cornell University, Ithaca, N. Y.

IN COUNTY GRANGES

Grangers Are Told
About Importance
Of X-ray Survey

Rosendale, May 11—"Tuberculosis can be wiped out" said Miss Blanch Armstrong, educational director of the Ulster County Department of Health, "but only by finding the hidden cases." In speaking before a regular meeting of Rosendale Grange 1501 on Monday evening, this is the reason for the community-wide chest X-ray survey being conducted in various sections of the county, beginning with Rosendale township where the survey will take place on May 16, 17 and 18 at the Grange Hall. Miss Armstrong's talk was augmented with an educational movie entitled "This Is TB."

The program was arranged by Henry Mollenhauer, worthy assistant lecturer, aided by Mrs. Fred Rootegen, Mrs. Harry Baxter and several other interested persons. The program was followed by a guessing contest on the weight of a coconut, conducted by Mrs. Fred Hilker, which was won by Mrs. Gustav Claus with 5 pounds, 4 ounces "on the nose."

The sewing contest, consisting of a cotton house coat, was won by Mrs. William Housen, with Mrs. Ruth Mercutio taking second prize. The winner's housecoat will be entered in the county contest to be held at Ashbury Grange on Friday, June 2. Mrs. Alfred Lesch, a professional dressmaker and instructor of sewing at the Tillson school, was the judge.

The next meeting of Rosendale Grange, on Monday, May 22, will be attended by Plattville Grange in the regular county district series, with the program being presented by the visiting Grange.

Dance for Cancer Fund Plans have been completed for the community-wide Cancer Fund dance, sponsored by the Rosendale Grange, which will be held at the Grange Hall on Friday evening, May 12, from 9 to 11.

Music for dancing will be furnished by John Marschall, Rhythm Kings from the Alpine, whose services are being donated for the occasion, and who were obtained by John Berlanga, president of the Rosendale Boys' Club. Approximately 14 individuals from the community have offered their talents to provide entertainment at the affair. Ticket sales, through the cooperation of the various organizations of the community, have been exceptionally good and a record attendance is anticipated. The Rosendale Boys' Club will have charge of refreshments, assisted by members of the Women's Club, the Grange and others. Frank Simpson is chairman of arrangements, assisted by Mrs. Russell Tenure, Mrs. Peter Lobello, Jr., and John Berlanga. Canvassers and other volunteer workers receive instructions at the meeting of the chest X-ray survey committee which was held at the Rosendale Theatre on Tuesday evening, Edward P. Demarest presided in the absence of Dr. Eugene Galvin, general chairman.

52 Volunteers The every-family canvass will begin Wednesday, May 10. All reports are to be returned to Mrs. Stephen Huben, chairman of canvassers, no later than Saturday, May 13. There are a total of 52 volunteer canvassers covering the Rosendale area.

Dr. Robert Broad, health commissioner of Ulster county, spoke on the medical and other health aspects of the survey and stated that the purpose of the free chest X-ray survey is "to locate cases of tuberculosis that are unknown, thereby preventing the spread of the disease." He anticipates that at least 1,800 people will be X-rayed during the three-day period, May 16, 17 and 18, that the survey will be conducted in Rosendale.

Chairman Demarest reported that announcements of the survey have been distributed pretty thoroughly throughout the town through the efforts of school children, the teen-age clubs and the 4-H Club.

Mrs. Elizabeth Schoonmaker, public health nurse, explained that temporary chest clinics will be arranged for taking large X-ray pictures where it is necessary, owing to the fact that the survey X-ray is a small picture and where anything doubtful appears a larger picture is recommended and arranged for.

Mrs. Margaret Murphy, R.N., executive secretary of the Ulster County TB Association, explained detailed requirements to the survey workers.

Reports of the results of the X-ray will be made direct to the individual or his family physician. Transportation will be provided where needed. The hours will be from 2:30 to 5 p. m. in the afternoon and 6:30 to 8 p. m. in the evening on May 16, 17 and 18 at the Rosendale Grange Hall. The goal is 100 per cent.

Grange news from Washington, D. C., this week includes a statement to the effect that the National Grange favors statehood for Hawaii. In his testimony before the Senate Committee on Interior and Insular Affairs, Legislative Counsel J. F. Sanders commented on Hawaii's outstanding contribution to agriculture.

The proposed St. Lawrence Seaway and Power Project also received National Grange backing. Sanders, in pointing out that the Grange has long favored such a project, said, "Estimated tolls would amount to over \$2 million, and yield an equal savings to consumers and farmers alike." Village Has Name Trouble

Nether Storey, England, is a puzzling job in this Somerset village. Sixty-four of its 566 people are Paimors and 22 are Paveses, many with the same initials. The main man's name is Lavinia Palmer and he knows all the others of that name because they are related. But still he has trouble.

The Hunt forest in Northern Rhodesia is peopled with pygmies.

INDO-CHINA AND REDS

The American decision to send military as well as economic aid to French Indo-China indicates our government is convinced that that country holds the key to the fate of southeast Asia.

Asiatic leaders and many western officials, including some of the top U. S. men in the Far East, have been saying for some time that if Indo-China fell to the Communists' southward drive, the rest of Asia would be engulfed, too.

The arguments on this score apparently have been compelling for Secretary of State Acheson minced no words when he announced in Paris that help would be forthcoming.

Acheson did not specify how much aid would be given, but a diplomat attending the Paris conference of western foreign ministers said the first installment would come from a \$75,000,000 fund President Truman is authorized to spend in the China area.

This means there'll be no attempt to get Congress to vote any new money immediately. But eventually the lawmakers must pass on this question of helping Indo-China.

When they do, they'll bump into some uncomfortable facts. France is spending \$500,000,000 a year on the hot war in that sector. After four years of trying to wipe out the Communist guerrilla forces of Ho Chi Minh, the French still do not hold more than a third of the country by day. At night they are largely confined to major cities.

France is employing some 150,000 of its best soldiers, plus another 50,000 native troops put into action under the French-sponsored regime of Bao Dai, leader of the new Viet Nam Republic. Against this stout nucleus, the best defensive force in the entire region, Ho Chi Minh is using from 30,000 to 70,000 men.

Clearing out these guerrillas is so slow and painful a process that it's a question how long France can continue the heavy expenditures involved—it has enough problems at home without worrying about outside difficulties.

One thing would seem to be clear: If we are going to extend military help to Indo-China, it must be on a scale sufficient to end the Red threat in that area. Aid which merely keeps the French army in the field in an indecisive combat will be of no lasting assistance to southeast Asia, to France, or to the United States.

BLOW FOR THE MOVIES

The legality of theatre bank night again is being challenged. This is the procedure, operated under various systems to keep within the letter of state gambling laws, by which theatres post cash prizes to lure customers. It has been questioned many times, and stopped in some states. Now two Ohio movie-goers are suing under a state law which permits a loser at gambling to recover his losses in a court of law. This move, if successful, could be disastrous to theatre owners.

INDEPENDENCE DRIVE

Independence means many things to many people. To Americans it means the freedom to speak, worship and live as they please, so long as they do not deprive others of their freedom to do the same. That is because we are used to living in a free country and have learned to take our freedom as a matter of course.

Yet there is still another type of independence which all are free to pursue but which can be achieved only by hard work and the application of a great American tradition—thrift. We speak of financial independence.

We are reminded of this by the Treasury Department's current Independence Drive, during which we are all urged to continue buying United States Savings Bonds.

We are particularly asked to save for our independence by buying extra Savings Bonds during this drive period which will continue until July 4. We believe that Americans everywhere would do well to do just that.

Savings Bonds are one of the safest and best investments in the world today. For the individual they mean future financial

'These Days'

By GEORGE E. SOKOLSKY

THE R.F.C.

Jesse Jones, who for many years ran the Reconstruction Finance Corporation, wants that organ of our government to be given a "decent burial, lock, stock and barrel." He thinks it is time to call a halt to this huge lending agency which, while it puts out a lot of government money for private use, can be and has been manipulated for political advantage. It gives government enormous powers over the economy of the nation. It makes it possible for obsolescent or even incompetent industries to continue in business, if they know the right people.

The R.F.C. is in bad odor over such loans as the Kaiser-Frazer, the Lustron, and others of a similar type where the loans seem to be not national necessity, but the assumption that it is in some manner beneficial to supply credit to firms which cannot themselves obtain credit in an easy market. In a word, credit should not be given by the government unless there is a provable national interest.

In effect, Mr. Jones wonders why, when money is so easy to obtain, does the government accept industrial and commercial balance sheets which banks would not accept for credit purposes. He said:

"While I do not believe there is any lack of justifiable credit anywhere in the country, as long as the R.F.C. is in the lending business, it will get applications for loans. Some people would prefer to borrow from the R.F.C. rather than from their local banks. Some may feel that they can go to their congressman or their senators or possibly the White House and bring political pressure to bear on the Government lending agency."

Jesse Jones, of course, knows how easily this is done, because during his tenure as boss of the R.F.C., he was constantly being subjected to just such pressure which he had to fight off or succumb to without getting into trouble. There is a story—how true I do not know—that whenever President Roosevelt put any pressure upon him, Jones required Roosevelt to do it in writing. Such correspondence would make interesting reading, particularly in relationship to those businesses which the New Dealers tried to set up as yardsticks against which long established firms had to measure themselves.

The R.F.C. came into existence during the Hoover administration in 1932. The scope and size of the corporation have constantly been increased. Today, it has 32 branches, spread widely over the country. It is, for all purposes, a government bank that competes with private banks, but pays no taxes on its income. It can afford to take chances because its losses are made good by the Government. As a bank, operating throughout the country, it is not subject to the usual controls the government has set over banks, but operates through powers vested in it by Congress.

Jesse Jones proposes that in the event that Congress is not ready to kill the R.F.C., which he believes is an emergency institution no longer needed, because the emergency no longer exists certain corrective measures should be taken.

He would have the R.F.C. make no direct loans but rather support the loans of banks and other financial institutions which would make, carry and supervise the loan, and take not less than 25 per cent for their own account.

In a word, if Bank A were satisfied that it should make a loan to Company B, it could borrow 75 per cent of the loan from the R.F.C. The borrowing would be done by the Company but by the Bank, which would have a stake in the transaction and supervise it. And Mr. Jones would limit this operation to fairly small business. Big business ought to be able to do its own financing. When for some reason it cannot, there is a justifiable suspicion that its balance sheet, when keenly analyzed, does not sanction prudent risks.

The proposal is interesting and should be seriously considered in any plan to make our huge government less money-wasting. Of course, nothing will come of this in the near future because the tendency to waste money is bipartisan. Many Republicans who complain about Democratic spending vote profligately because they believe it will help them to be re-elected. Maybe they are right, but the point is that little more time to discover that it is their money that is being wasted. (Copyright, 1950, King Features Syndicate, Inc.)

That Body of Yours

By James W. Barton, M.D.

EXTRACTION OF TEETH

One of the great advances in dentistry, which is an important department of medicine, is in the specialty known as exodontia—extraction of teeth. Most of us remember the fear and trembling, and then the gathering of ourselves together preceding this ordeal. Today patients do not look forward with pleasure to having their teeth removed, but there is not the least of pain present, only regret at losing their own teeth and having to use bridge or plates.

Today the exodontist has equipped himself with special instruments, special assistance, special methods of after treatment following the extractions. The patient is put at ease on entering the dentist's office by the assurance of receptionist or dental nurse. While waiting his turn, he hears or sees nothing to cause alarm.

The anesthetics now in use whether local or general keep the patient free from pain and enable the dentist not only to extract the teeth painlessly, but to do surgical work on gums or jaw with no need to hurry.

Suggestions from an expert exodontist to his fellow exodontists and to dentists generally are given by Dr. Frank W. Rounds in "Oral Surgery, Oral Medicine, and Oral Pathology."

Besides experience and good surgical judgment, proper equipment and its maintenance are essential for the successful completion of extractions. Washable equipment and removal of unnecessary accessories facilitate cleanliness. Great emphasis should be placed on thoroughly sterilizing all materials and instruments used in the operations to prevent surgical sepsis (poisoning). Allay fears of being hurt by maintaining a cool operating room and concealing the operating instruments. During the operation a height and motor driven aspirator (to carry away blood or debris) is indispensable in maintaining a clear field for the operation. By following these suggestions not only does the work of the exodontist go on smoothly and efficiently, but there is little or no danger of office accidents or complications from the operation. There is a quiet rest room for patients after the operation.

Eating Your Way to Health

Be sure you are getting the all-round daily diet for your type of build, occupation, etc. Write today for Dr. Barton's handy booklet entitled "Eating Your Way to Health." independence, security, and peace of mind. For the nation their sale helps keep our economy strong and healthy.

It is to be hoped that all Americans will participate in the Independence Drive and buy extra U. S. Savings Bonds to the limit of their individual capacities during the drive.

We second the sound advice of the Treasury Department. We urge our readers to provide extra financial independence for themselves and their families by buying extra U. S. Savings Bonds during the Independence Drive, May 15 through July 4.

The Washington Merry-Go-Round

By DREW PEARSON

Washington—A priest with sad eyes stood on a stage in the National Press Building and intoned: "Lord, help Thy wandering children to defend and finally redeem our lost freedom."

Before him stood a conglomerate of men from many distant countries—all exiles. Their faces were vaguely familiar, like photographs in an old newspaper. For these were the delegates to the International Peasant Union Congress and included such leaders as Stanislaw Mikolajczyk, who once made headlines as prime minister of Poland; Imre Kovacs, secretary general of the once powerful Hungarian peasant party; and G. M. Dimitroff, a stormy politician of Bulgaria.

After World War I when this writer spent two years in the Balkans, these peasant leaders were considered socialists and radicals by the then rulers of Bulgaria, Yugoslavia and Czechoslovakia. Later, they came to head the governments of their countries as left-of-center payoffs somewhat similar to the British Labor government of today.

But when Moscow took over, the first thing the Russian commissars did was to line the key members of the peasant party up against the wall and shoot them. Moscow recognized the agrarians, like British socialism, to be the greatest threat to successful communism.

So, this week in Washington, about 100 of the exiles who managed to escape are staging the International Peasant Union Congress, trying to form the skeleton of a "green international" which someday may overthrow communism in eastern Europe.

They report that in Hungary less than 1 per cent of the farmers have joined the Communist collective; that a "Buchenwald torture camp" is located on an island in the Danube; that the independent peasant of the Balkans is the chief enemy of communism.

Chief hope of these peasant leaders is to get U. S. backing for internal revolts.

Note—American hero of these exiled leaders is Mark Ethridge, publisher of the Louisville Courier-Journal, who, while studying these Balkan countries for the

State Department, was one of the first to see the importance of encouraging peasant independence.

Duck-Loving Jurist

It didn't get into the papers, but a U. S. district judge, William C. Coleman of Baltimore, served virtual notice on a group of duck-hunters recently that they were free to violate federal game laws as far as he was concerned.

Judge Coleman, who has taken an oath to uphold the laws of the United States, announced that he had more than 30 defendants before his court charged with bailing duck-blinds and that he had agreed with the U. S. attorney's office that they should not be prosecuted.

"We have a miniature reproduction of what we had in prohibition," Judge Coleman told Dr. Clarence Cottam, assistant chief of the U. S. Fish and Wildlife Service. "I frankly approve of not prosecuting violators of anti-baiting regulations."

"Ninety-five per cent of the hunting in Maryland is done over baiting," Judge Coleman continued. Then, turning directly to Dr. Cottam, he asked: "And what are you going to do about it?"

The meeting before which he spoke was a gathering of sportsmen and wildlife authorities gathered at Annapolis from Maine to Maryland. New England game experts were shocked at the judge's vituperative statements. They were also surprised at the attitude of eastern shore hunters who wanted to keep the duck season open most of the winter.

Judge Coleman was their most vigorous spokesman. He not only wanted the waterfowl season lengthened, but the daily bag increased and shooting permitted all day long. Judge Coleman wanted this unrestricted hunting regardless of Dr. Cottam's explanation that the supply of ducks was not unlimited, that ducks were settling down for feeding at sundown and were mating in January—a period when the judge advocated hunting.

After the stormy session, Dr. Cottam remarked:

"This is the ninth meeting of sportsmen I have had in various parts of the country. All of them have realized that if we have limited shooting there soon won't be any ducks left. But this

meeting is the most selfish I ever attended."

Republican Spat

Grumbling of Republican congressmen against their "lackluster" leadership, has buzzed backstage for some time. But it finally erupted into the open at an uproarious dinner party on Capitol Hill.

The meeting started as a friendly pep session for the coming election campaign. However, Representative A. L. "Doc" Miller of Nebraska injected some unpeppery pep by an angry argument with ex-Speaker Joe Martin, the G.O.P. leader, over the charge that Martin wasn't conferring enough with other Republicans.

Martin and House G.O.P. whip Les Arends of Illinois were questioned in a friendly way at first. Then Miller suddenly burst out: "I can tell you what the trouble is—we have poor leadership. If you fellows conferred more with the rest of us the party would be a lot better off."

The ex-speaker angrily shot back that he couldn't hold as many conferences with House Republicans as he would like to, but that he always kept in touch with them by letters when meetings weren't possible.

"I'm tired of hearing about letters, and about policy meetings in which we take no part and about statements you issue that do not reflect our views," snapped the Nebraska congressman.

"It all adds up to poor leadership," he repeated.

"Well, now, if you want to get tough," he bristled Martin.

By this time both men were on their feet glaring at each other. "That's exactly what I mean," shouted Miller.

Before more nasty words could be spoken, Representative James Deliver of Fort Dodge, Iowa, moved to adjourn the proceedings.

Twenty and Ten Years Ago

May 13, 1930—Harry H. Florming was re-elected president of the education board.

Mrs. Abram Bedford died at her home on South Wall street.

The forest fire swept over both sides of Hudson Bay.

Emory Smith, wanted for the alleged fatal shooting of Ben Aiken here in April, was reported still at large.

May 13, 1940—The parade in conjunction with the Hudson Valley Apple Blossom Festival was reported one of the best ever held in the city.

The W.V.C.A. drive to raise \$75,000 opened with a dinner for campaign workers.

The Freeman thermometer recorded a noon high temperature of 58 degrees.

The Dutchess county float won first prize as the best entered in the Hudson Valley Apple Blossom Festival parade here.

Letters to the Editor

Letters to The Editor must bear the name of the writer. Communications must be free of libel and personal attacks upon individuals as such. Only original communications addressed to The Freeman will be printed.

HUDSON VALLEY DISTRICT COUNCIL OF CARPENTERS, A. F. OF L., 48 Main Street, Kingston, New York, May 12, 1950

High School Band
Editor, The Freeman:
The comments in your "Letters to the Editor" column relative to the Kingston High School Band are of great interest to our group of labor unions.

We believe the musicians' union stated its case quite clearly and with a great deal of justification for its stand. If an agreement is in existence, either written or by precedent, we believe the agreement should be honored or that arrangements should be made by all parties to modify it by negotiation.

Merely because an affair is sponsored by the Chamber of Commerce, which exists primarily for the benefit of its dues paying members, does not warrant the exploitation of a group of High School students. The Apple Blossom Festival is not a patriotic affair, neither was it confined exclusively to social, agricultural or fraternal organizations. Is there

Consolidation Is Begun for Esopus School Districts

J. Douglas Rattray was named permanent chairman during the school meeting to discuss the consolidation of the various school districts in the Town of Esopus Monday night. Representatives were present from Districts 1, 2, 4, 5, 13, 14 and 15. It was reported that Districts 1, 2 and 13 were definitely in favor of the consolidation plan.

Chairman Rattray explained that the reason for dropping the centralization plan was the excessive cost—estimated at a million dollars—which would be the tax rate up to about \$61 per thousand on present assessments or \$27 on actual value. He also said that centralization required that every school district in the town be included and that several districts were opposed to the plan.

The chairman also pointed out that consolidation could be arranged for one district or as many more as desired to be included and that the plan would cost less. The plan for consolidation must first receive the approval of the New York State Education Department by sending a committee to Albany with

information on the estimated student body, number of districts, with assessed valuation and the estimated cost of building.

Assisting Chairman Rattray with plans for the consolidation are Chas. Block, permanent secretary; Robert G. Smith, Esopus, Esopus, Vincent, Esopus and John Potter, named to obtain the assessed valuations and income of the districts. Mrs. Floyd Ellsworth and Mrs. Donald Swan will obtain the estimated enrollments starting in September and for the next three years. Chester Smith was elected publicity chairman.

Another feature of the consolidation plan is that only the legal vote of the districts participating is required while in centralization it would be financed by the township.

Other districts may petition to become part of the consolidation plan at later dates. It was believed that the school would probably be for kindergarten through sixth grade.

Leaders of the various school districts include Mrs. Floyd Ellsworth, Port Jervis District 1; Stuart Soble, Ulster Park District 2; Helen Guido, Route 1, Ulster Park District 4; Mrs. Robert Knapp, St. Remy District 5; Mrs. Crystal, Route 1, Ulster Park District 8; John Potter, Port Jervis District 13; Ole Christensen, Comely District 14; and Joseph Castello, Port Jervis District 15.

So They Say... Questions - Answers

We are... determined that communism shall not by hook or crook or trickery undermine our country or any other free country that desires to maintain its freedom.

—Secretary of State Dean Acheson.

We'll run scared.
—Democratic boss William Boyle, on 1950 elections.

The question of unemployment obviously will be one of the toughest problems we are going to face in the next couple of years.

—Rep. John F. Kennedy, D. Massachusetts.

Today the chief threat in the world is undoubtedly that of Soviet expansion. This should not blind us, however, to the importance of looking closely at the situation in Germany to see what is happening there.

—Sen. Harry Kilgore, D. West Virginia, on German nationalism.

Only an informed public opinion can win the peace.

—Dwight D. Eisenhower.

M is for... well, let's say modern. She plays "cabbage," hicks and fishes.

O is for her outlook—cheerful—all a follow over wishes.

T is for kids' many troubles; she absorbs 'em by the dozen.

H is happy, which is why that house of ours is always buzzing.

E is for enthusiasm—let's just call it lots of pep.

R is realistic, or, in other words, she's happy.

Put them all together, they spell mother, don't they, pal?

But the kids just call her Mom, and you'll agree she's quite a gal.

meet at the home of Mrs. Faulkner, Tuesday night, 8 p. m., choir rehearsal and prayer services. Thursday, 7:45 p. m., Ladies' Missionary Society meeting at the parsonage.

OFFICE CAT

(Trade Mark Reg.)
By Junius

A young man after eight years abroad, alighted at his home station and despite his expectations there was no one there to meet him. He then caught sight of the stationmaster, a friend since boyhood and was about to extend a hearty greeting when the other spoke first. "Hello, George," he said, "Goin' away?"

Gumbail—Why don't you patronize Antonio the barber any more?

Sourdough—He's fallen in love lately and he's so absent-minded that the last time I sat in his chair he pinned a copy of the Freeman on my neck and gave me a towel to read.

"I have noticed with astonishment," remarked the Old-Timer, how reluctant young men of today are to marry and settle down. They actually seem to fear marriage. Why, before I was married I didn't know the meaning of fear!" —Powerful

Man—I've lost my wallet with \$500 in it. I'll give \$50 to whoever brings it back to me.
Voice in the rear—I'll give \$100.

Mistress—Mistress, these banisters seem to always be dusty. I was at Mrs. Jones today, and she's as bright and smooth as polished brass.
Maid—Don't you know she has three small boys?

The husband is head of the house and the pedestrian has the right of way. Both husband and pedestrian are fairly safe unless they try to exercise their rights.

City Niece (in art gallery)—And here is the famous Angelus by Millet.

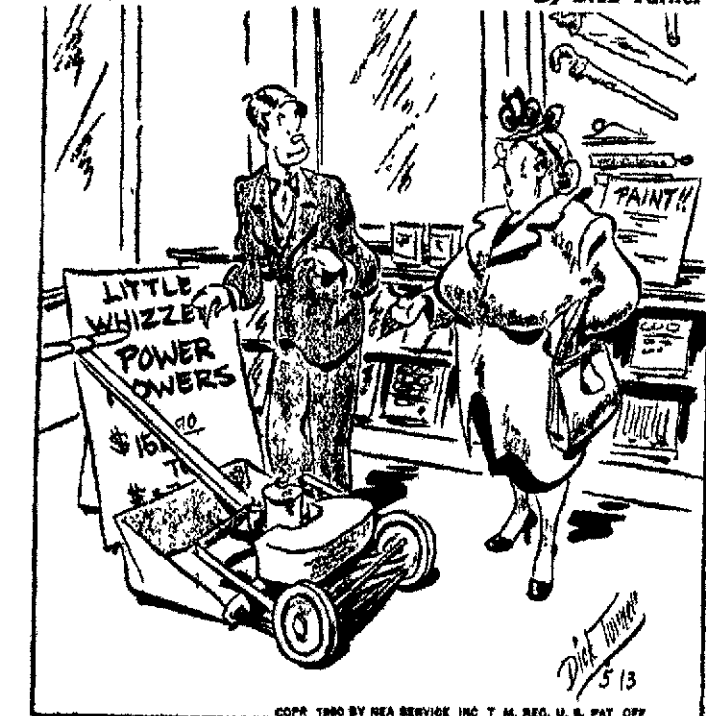

Auntie—Well, I declare! That fellow copied the picture on a calendar that's hung in our kitchen for 20 years.

In down-to-earth language the Buffalo N. Y. Courier-Express declares: "Government conservation of potatoes often proves to be a lot of rot."

Rate Cuts—You spoiled my article by a misprint.
Editor—I'm very sorry. What did we get wrong?

Editor—A proverb I employed you printed it. "A word to the wise is sufficient."

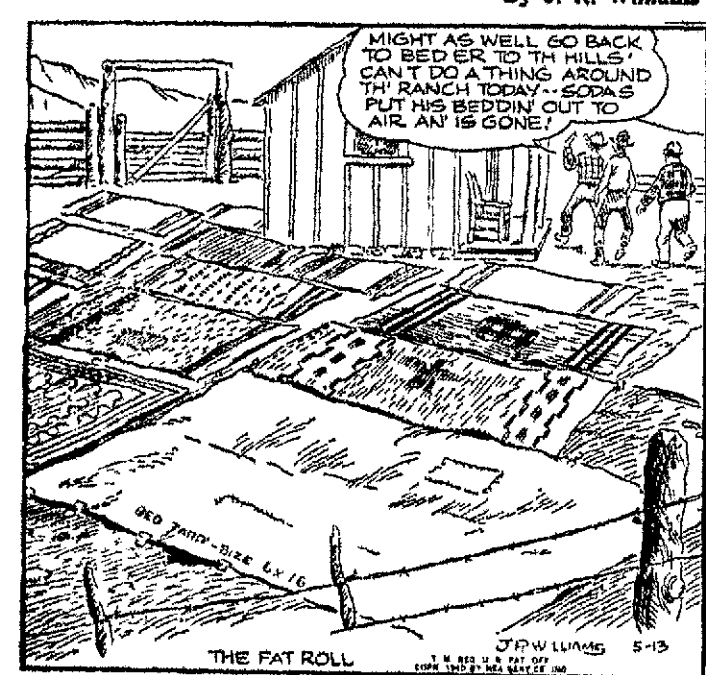

CARNIVAL

"Okay, I'll grant it's simple enough for even a child to operate, but the question remains—can my husband?"

WIFE BUYS A NEW HAT...WEARS IT... HUBBYS IN FOR PLEASANT SHOCKS

DOES HUBBY SPOT NEW BONNET? IXNAY... HE JUST SEES THE NIFTY BOX!

Mother

Speak kindly to your Mother in her declining years When little words of kindness Will save her many tears

There's often days of worry And nights of broken rest When she has heard an unkind word From lips that she once pressed

When baby tears rolled down your cheeks And you were going to weep She tucked you in her loving arms And rocked you off to sleep

Then gently lay you in your bed And breathe a silent prayer That God above would guard her love The infant nestling there

You can not pay your Mother For the suffering of the past Nor for the tender love she wears That time will not outlast

For when by all forsaken You're left without a friend You can still turn to your Mother Whose love not death can end

Bookkeeper—Wonder why the boss keeps that stenographer, she can't spell.
Clerk—No, casting a spell is her strong point.

Robert—So, that new girl of yours is lazy?
Joseph—Lazy! Why, the other morning I caught her putting popcorn into the pancakes to make them turn over themselves.

St. Peter's School
Plans Presentation
Of 3-Act Comedy

The Junior Dramatic Club of St. Peter's School will present "Her First Flame," a new three-act comedy by James Reach, Monday and Tuesday evenings at 8 p. m., at the St. Peter's School Hall.

The play, presented through special arrangement with Samuel French of New York, was described by the club as "a gay and charming comedy of youth that will delight and amuse any audience and furnish an evening of exceptional entertainment."

Refreshments will be served each evening, and there will be dancing after Tuesday evening's performance. The public is invited.

The play is under the direction of Frank J. Lehey.

The characters in the order of their appearance are:

Mrs. Myrtle Perry, a mother, Joan Greenwood, Sarah, the hired girl, Phyllis Stanley, Julia Terry, an older daughter, Ariene Ahl, Don Stuart, an athlete, Bob Eagle, Genevieve Terry, the younger daughter, Gertrude Diamond, Mr. Fred Terry, the man of the house, Walt "Scottie" Foster, Rosalind Harris, a young girl, Phyllis Galt.

The Irrepressible Friends of Genevieve: Chick Matthews, Tom Miles, Bunny Perkins, Ellen Smith, Lil Anderson, Verna Petrak, Trudy Vance, Bernice Ahl, Kenny Brown, Albert Pultizer, Pete Rogers, Emory Koller, Mrs. A. Burdette Harris, Rosalind's mother, Estelle Koller.

Cottickill Auxiliary

A card party will be held Thursday, May 25, at 8 p. m., in the Cottickill Fire Hall by the Cottickill Ladies' Auxiliary. It was announced today.

Church School Plans
Mother's Day Tea

The Church School of the Fair Street Episcopal Church will present a special program and tea in honor of Mother's Day tomorrow, from 3 to 4 p. m., Mrs. Richard Emerick has been voted the "Mother of the Year."

All departments of the school will participate briefly. Recitation will be given by Constance Hick, Linda Lasher and Kirk Amberg. The primary department will sing "For Mother" with a solo by Janet Hornbeck.

A litany will be presented by Judy Armstrong, Mike Morris, Shelby Schoonmaker, Rickie Shiels, Sandy Koppstadt, Dale Matern, and Ray Gilkey, Jr.

The Bible reading from Proverbs will be read by Mrs. Arthur Hazenbush. "Lead Me Lord" will be sung by the Junior Choir. Mrs. William Palen will read a poem.

Lance Lasher will present a saxophone solo, and the prayer will be given by Mrs. Raymond Gilkey.

Various mothers will be presented with corsages by Kenneth Hick, superintendent of the Church School. The program will end with a benediction by the Rev. J. Dean Dykstra. Visitors are welcome. The tea will follow the program.

8 p. m.—Trinity Lutheran Women's Guild, Bolce's Hall, Plank road.

8 p. m.—Dance, Y.M.C.A. Youth Center.

STONE RIDGE

Stone Ridge, May 13 - Marbletown Reformed Church, the Rev. Gerrit Timmer, minister—Sunday school at 10 a. m. Worship service at 11 a. m. with a Mother's Day message by the pastor. Christian Endeavor at 7:30 p. m. The choir will sing Tuesday at 8:30 p. m. in the basement of the church. The Missionary Society will meet Wednesday night at the home of Mrs. C. Hardenbergh with Mrs. R. Service as leader. The choir will meet Thursday at 8 p. m. at the parsonage.

Methodist Church, the Rev. B. Schmidt, pastor - Sunday school, 10 a. m. There will be no worship service due to the absence of the pastor who is attending the annual conference in New York. Wednesday, 8 p. m. choir rehearsal. Thursday, 2 p. m. the executive committee of the W.S.C.S. will meet at the home of Mrs. Oliver Bogart.

Miss Della Clark, Mrs. Nellie Elston, Mrs. Marie Osterhout, Mrs. Seldon Hornbeck and the Rev. and Mrs. B. C. Schmidt attended the district meeting of the W.S.C.S. Wednesday at Warwick. Mr. and Mrs. Ernest Howard entertained Mr. and Mrs. Davenport and daughter, Martha; Mr. and Mrs. Clifford Donohue of Stone Ridge and Dr. and Mrs. Philip Hoyer of Atlantic City, N. J., at dinner Sunday night.

Mr. and Mrs. George Weeks entertained Mrs. Hazel Bell and Mr. and Mrs. Fred Weeks, Sr., of Shokan at dinner Sunday night. The Stone Ridge Fire Company Auxiliary will hold a card party at the fire house Wednesday, May 27. There will be refreshments.

John Rousing who is employed at construction work at the E.D.D. Institution at Napanoch injured his leg Monday but is reported to be improving. A number of school children attended the play, "Pocahontas" at the high school Thursday afternoon.

H. Carlton Wagar was elected trustee during the annual school meeting of the Stone Ridge district. Stone Ridge Grange will hold its regular meeting Monday, May 15, at which time the third and fourth degrees will be conferred followed by a short program by the worthy lecturer. The sewing contest also will take place at this time and will consist of cotton evening gown for young people up to 21 years and cotton house coats for adults. Judges will be Miss Virginia Hoppenstedt, 4-H leader, and Miss McQuay, home economist of the New Paltz State Teachers College. Plans are being made for Rural Church Sunday by the chaplain, the Rev. B. C. Schmidt, Sunday, May 28, at 8 p. m. at the Marbletown Reformed Church. The Rev. Gerrit Timmer will be in charge. All are welcome.

Industrial Club Speaker on May 18

HENDRIK VAN LAER

Hendrik van Laer, storage consultant and training specialist for the Department of the Army at Schenectady General Depot, will be guest speaker at the charter dinner meeting of the Industrial Management Club of Kingston next Thursday evening, May 18, at the local Y.M.C.A.

The speaker's subject will be "Creating Job Enthusiasm for Yourself and Others." He will explain how supervisors as well as employees may become more interested in their particular work.

A native of Albany, Mr. van Laer now advises technical supply sections on utilization of space, labor and equipment at the depot. He also represents the commanding officer in conferences with industry regarding storage methods and training of personnel in storage procedures.

In 1942, he conducted special supervisory training courses for the War Manpower Commission, and in 1943 went with the War Department as organization and methods examiner; also conducting a supervisory training program during the war years.

Dinner will be served at 6:30 in the banquet hall by the Ladies' Auxiliary of the Y.M.C.A. A program of entertainment has been arranged.

Reservations must be made not later than Tuesday, May 16. Members make reservations through their organization contact man, or by calling either Arthur Buddenhagen, chairman of the house committee, or the Y.M.C.A.

Those men joining the club before or at this May meeting shall be considered charter members.

Reservations must be made not later than Tuesday, May 16. Members make reservations through their organization contact man, or by calling either Arthur Buddenhagen, chairman of the house committee, or the Y.M.C.A.

Too Fond of Birds
Wise, Va., May 13 (AP)—Lee F. Craiger went out to his heavy truck one morning to find that a wren had built her nest in the tool compartment, and was sitting snugly on a nest of eggs. Craiger hated to disturb that bird. So he bought another truck to use while the mama wren hatched her young. Now he's receiving congratulations. The nest is full of baby birds but Craiger still won't budge the truck until they've feathered and flown away.

Denies Bribe Charge
New York, May 13 (AP)—A former federal rent official berated himself on the witness stand yesterday for borrowing money from a landlord but denied that the cash was a bribe. The defendant was Ira Schiller, former chief attorney of the rent control office here. He is accused of conspiring to defraud the government in taking \$2,000 from Julius Hoffman, head of First Terrace Gardens, Inc., who is on trial with him. The government claims the loan actually was a pay-off to Schiller and that it led to a rent increase that Hoffman sought.

The Weather

SATURDAY, MAY 13, 1950
Sun rises at 4:25 a. m.; sun sets at 6:37 p. m., E.S.T.
Weather, clear.

The Temperature
The lowest temperature recorded on the Freeman thermometer during the night was 48 degrees. The highest figure recorded up to noon today was 71 degrees.

Weather Forecast

New York city and vicinity—Mostly sunny, and warmer today than yesterday. High 70 to 75. Fair tonight with temperatures much the same as last night. Low 50 to 55. Mostly fair with no important temperature change Sunday. High 70 to 75.

Eastern New York—Partly cloudy with a high in the mid or upper 60s. Scattered showers likely in the north portion late this afternoon or tonight. Low tonight in mid-40s. Sunday some cloudiness and cooler. Showers likely in south portion.

Would Settle Feud

Washington, May 13 (AP)—Robert N. Denham, general counsel for the National Labor Relations Board, made overtures last night toward settling his feud with the board. The five-man N.L.R.B. and Denham have clashed repeatedly over policy and administration of the Taft-Hartley Labor Act. A proposal by President Truman to abolish Denham's office was rejected by the Senate this week. Some lawmakers believe the President may fire Denham.

Composer's Widow Dies

Mr. and Mrs. P. Brooks and Mrs. E. McMillan of Middletown called on friends in town Saturday night.

Peter LaGrattula who has carpenter and electrician business in this vicinity and resided in Ohioville for some time has purchased the meat department of the Pickwick Market in Walden, La.

Message To Our Citizens

On Monday, May 15, the U. S. Savings Bonds Independence Drive opens throughout the Nation, continuing through the Fourth of July. Its symbol is the Liberty Bell. Its theme: Save for your Independence—Buy U. S. Savings Bonds.

The year-round Savings Bonds program, of which this campaign is an important part, fosters the spirit of self-reliance and the urge for self-betterment that, along with enterprise, inventiveness, productivity, and thrift, have carried us forward since the first settlers braved the wilderness to build a free America.

Through regular savings, we build up reserves against misfortune and provide income for later years, thus lessening the burden upon others. We accumulate funds for worthwhile purchases. And, by saving for the lean years, we help to stabilize business and employment.

As your Mayor, I urge all who are able to do so to buy an EXTRA bond between the dates of May 15 and July 4, and to encourage others to buy U. S. Savings Bonds through the Payroll Savings Plan and through banks and post offices.

Through thrift, we can all help to secure freedom and independence for ourselves, our community, and our Nation.

OSCAR V. NEWKIRK, Mayor.

national Union for the Preservation of Human Rights. They expect to sail May 20 for home.

The wedding of Miss Johanne Walker, a former resident, and Werner Rodgers took place May 6.

Leaves of absence were granted to Corporal Charles H. Edmonds and Pvt. Lynn E. Darling so they could meet before Darling left the country on assignment to the Far Eastern Command. The youths have been buddies for many years.

Edmonds is the son of Mrs. Rose Pallen of New Paltz and Darling is the son of Mr. and Mrs. Earl T. Darling of Pleasant Valley. Edmonds enlisted in the United States Air Force April 18, 1949.

After basic training, he was assigned to the physical training and athletic school at Fort Bragg, N. C. He is now enroute to his embarkation point at Fort Lawton, Wash. Edmonds took his leave at this time to visit Darling before he left for overseas.

Mrs. Melvin Carroll and daughter, Betty, Lou visited relatives in Modena during the past week.

Mrs. Ira Hyatt, Mrs. William Palmatier, Sr. and Martin Roggio of the Ardona section, celebrated their birthdays last week.

Mr. and Mrs. Earl B. DeWitt spent an evening last week with friends in Newburgh.

Medical Report Is Given for Schools

Dr. Samuel S. Nussbaum, Kingston school medical director, submitted a report of the activities of the medical department for the school year to April 5, 1950 to the Board of Education Thursday evening.

In his report Dr. Nussbaum reported that of the 6,054 pupils registered, 5,555 had been examined to date by the school physicians.

In addition there have been 25 athletic and special examinations of these examinations there were 1,391 completely negative and there were 3,069 reportable defects found. Notes were mailed in 2,544 cases calling attention to the defects and there were 998 home calls.

A medical conference with pupils numbered 4,554 and there were 2,793 teacher conferences, 456 with parents and 289 other conferences held, a total of 7,992 conferences.

First aid cases numbered 3,843 and 556 children were excluded. Working permits of a limited nature were issued to 51 and regular working permits were issued to 227.

In his report Dr. Nussbaum reports the following breakdown of physical defects:

Nutrition, 153; teeth, 2,141; tonsils, 187; nose, 18 glands, 25; eyes, 277; adequate glasses, 532; orthopedic, 7; ears, 34; cardiac, 43; lungs, 3; Hernia, 5; severe postures, 124; skin and scalp, 29; mental and nervous, 15; speech, 11; others, 7.

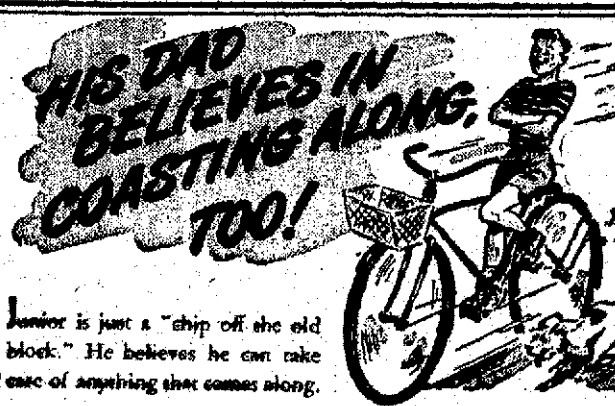

Two Explosions Heard

Bridgeville, Pa., May 13 (AP)—Two explosions that could be heard a half-mile away ripped the American Cyanamid Company plant in this small Pennsylvania town 10 miles south of Pittsburgh last night. Flames lighted the sky for a few seconds, but the fire was controlled quickly. A fireman reported the explosions apparently were in a converter used to mix chemicals. Company officials could not be reached for comment.

Junior is just a "ship off the old block." He believes he can take care of anything that comes along. His dad has the same attitude. He won't be able to coast along, however, if he's the defendant in a liability lawsuit. "No hands" siding injuries someone, if "Whitney" nips a neighbor, if that faulty step trips up the deliveryman, or if Dad's golf ball hits another golfer—Dad will be in trouble.

Without a Comprehensive Personal Liability policy Dad won't be able to maintain his financial balance. He'll coast right into debt.

There are some things you can't ignore. Neglecting to protect yourself and your family against the disastrous effects of a liability lawsuit is one of them. Why not let us help you? Write, phone, or see us for more information.

Howell to Speak To Valley Group

Dr. Wallace E. Howell, who was hired by New York city to make rain, will address the annual dinner-meeting of the Hudson Valley division of the American Institute of Electrical Engineers at the Nelson House, Poughkeepsie, May 22. It was announced today.

Many engineers of the city and county and Mayor Oscar V. Newkirk along with the mayors of Port Jervis, Nyack, Middletown, Newburgh and several other Hudson Valley communities will attend the session.

Dr. Howell will talk on "Causes and Consequences in Regard to Rainmaking," at the meeting which will be the organization's final one of the season. Officers of the New York division and the national organization will attend. Walter E. Smalley, chairman of the division, announced.

The Hudson Valley division was organized three years ago as a sub-division of the New York section of the national organization of 29,000 members in this country and 3,000 members in 80 other nations.

Smalley said much of the ground work in forming the local division was done by Harold A. McLaughlin, who was chairman the first year. Last year's chairman was Mitchell S. Kozik. Both are employees of the Central Hudson Gas & Electric Corp.

Balloting for new officers is under way by mail. Those who will end terms after the next meeting are: Walter E. Smalley, chairman; F. Clement, Middle-town, vice chairman; J. E. Ruscher, this city, secretary, and Allen E. Raymond, this city, treasurer.

Richard B. Tallur, of this city, operating engineer of the Central Hudson in the Kingston-Catskill division, is in charge of tickets and publicity in this area for the May 22 dinner.

47 Persons Rescued

Tokyo, May 13 (AP)—A U. S. Navy tanker today saved 47 persons from the flaming Norwegian motorship "Tide" run at sea south of Yokohama. Immediately thereafter, sailors from a ship of the Japanese Maritime Safety Commission got the fire under control everywhere except in the engine room. That's where it started.

Coolidge Aide Dies
Washington, May 13 (AP)—Everett Sanders, 68, former chairman of the Republican National Committee and secretary to President Calvin Coolidge, collapsed and died in his law office yesterday. An associate said Sanders was stricken at his desk and died almost instantly.

Richard B. Tallur, of this city, operating engineer of the Central Hudson in the Kingston-Catskill division, is in charge of tickets and publicity in this area for the May 22 dinner.
